

**SATYAM  
INSTITUTES**

**GIVE YOUR  
CAREER**  
A ROLLING START

# Welcome to **Satyam Institutes**

*A unit of SBS Group*

Shaheed Bhagat Singh Educational Society (Regd.) which is purely welfare, charitable society dedicated toward selfless service of humanity. Our Society is running schools, polytechnics, engineering, pharmacy and educational colleges. Today, we are in an era, the mushrooming education institutes are working on the principles of survival at any cost. It is more treated as fastest growing industry then need to

build next generation. The concepts of practical orientation, professional ethics and human values have been found missing. On one hand, paper degrees are increasing but without skills and competence, fetching a job is no longer possible. We are continuously striven with the mission to transform students as employers rather than employees. Using the modern tools and technological advancements, we

thrust on social transform, through the quality education, based upon practical aspects/ skill enhancement and adequate training. If, you too are looking for an employable, enterprising technical education, that too without any cultural degradation, then we offer ourselves as a platform to achieve the above noble cause. So come Let's join hands and become a part of SBS Educational family.

## Our Management Team

**Dr. Rajesh Bhardwaj**  
Managing Director

SBS Group of Educational Institutions under the versatile leadership of Sh. Ram Iqbal Sharma, defender of educational values, visionary, with inherited values to work towards single mission of transforming wise and disciplined youth. In last four decades, his dedication towards this noble cause has evolved SBS Group of Educational Institutions as leader in this arena. The world class facilities encompasses, innovative, dynamic and vibrant campuses offering a wide range of courses starting from schooling to Undergraduate, Graduate and Post Graduate in the field of Engineering, Pharmacy and Education.

SBS group of Educational Institutions exhibited exponential growth and popularity pattern among self financed groups in northern India. It has emerged as leader in offering educational services in science and technological fields in terms

## Our Management Team

**Dr. Mridula Bhardwaj**  
Exec. Managing Director

SBS Group of Educational Institutions have now entered in its phase II evolution i.e a fruit bearing tree is evolved as garden of multiple disciplines. This is the timeless effort of our dedicated predecessors and members over the decades. Continuous impetus and motivation to achieve excellence put this group as leading institutional hub in northern India. On behalf of managing group, I welcome you in this dynamic / evolving atmosphere of this enthusiastic school of learning where your wards will experience challenges with top faculty in world class facilities and dedicated network.

SBS Group of Educational society is marching ahead with its mission to make technical education simple to learn, accessible, usable in the real world. Our goal is to critically observe the growth curve of students not as they are but what they can be

## Our Management Team

**Ms Ishata Bhardwaj**  
CEO

I am grateful to god who had given me this opportunity to be part of this chain of Institutions. We here, intend to provide world-class education to our youth to evolve them in terms of their character, realizing their true capacities and to cherish their vision to build the future world. We here, intend to equip our technocrats with advance skills and enhance their competence in technological fields to comprehend the future challenges. Our prime mission is to achieve excellence in provisioning technical education services, though our intent is to make youth wiser than just trained alone. Knowledge generation in present era is beyond the capacity of us to process it. However, making them wiser to choose, priorities, learn, un-learn and re-learn to access which is needed to evolve further. We keep continuous interface with the industry and to incorporate changes with time. We focus on enhancing the ability to anticipate and optimize utilization of engineering skills for community upliftment. We encourage the conceptual, inter personal and team work skill for technical and managerial decision making among the students.

## Our Management Team

**Satyam Bhardwaj**  
Director

I am grateful to god who had given me this opportunity to be part of this chain of Institutions. We here, intend to provide world-class education to our youth to evolve them in terms of their character, realizing their true capacities and to cherish their vision to build the future world.

Our prime mission is to achieve excellence in provisioning education services, though our intent is to make youth wiser than just trained alone. Knowledge generation in present era is beyond the capacity of us to process it.

# Indo-Canadian Collaboration

We are putting consistent efforts to collaborate Universities and Colleges of international repute to provide world class exposure to our students and faculty. This helps in developing their skills, knowledge and attitude required to compete at global level. In this pursuit, Satyam Institute of Engineering & Technology has inked international educational partnership program with University of Fraser Valley Canada and Sprott Shaw College Canada.

# Milestones

The background features a large, light-colored world map. Overlaid on the map are several photographs of students in a laboratory. In the upper right, a group of students, including a woman in a traditional Indian sari, are gathered around a lab bench. In the lower right, three students are focused on their work with microscopes. The overall theme is international education and scientific research.

## International Students

SBS Group has designed an education curricula that fits global requirement along with essentials for domestic needs. The array of education matrix encompasses needs of natives of various nations, crossing language and cultural barriers with micro-level customization for the fulfilment of individual needs. The variety and quality are two major pillars on which milestones of this post-secondary education curriculum is designed, marching towards future careers. The matrix is governed and run by extremely dedicated, certified subject experts, referred as our talented faculty.

We have evolved this academic institution to a college community in which students can exercise their multiple abilities. We continuously motivate them to work in teams and to be part of something bigger like nation building activity. We also provide an ecosystem offering range of activities : from music to sports, from theater to robotics, from social justice to visual arts.

We are always vigilant in terms of those who are willing to learn on our platform. It keeps us in dynamic state to evolve further each year. We value inputs of youth to this process as both students and teachers evolve together to develop a sync, an essentiality for this education matrix. We value your points of view and cultural perspectives and we hope you share them with us to help us grow as well.

Transforming  
the **Learning** into  
**Opportunities**

#### **Affiliation**

The Institution is approved by All India Council for Technical Education (AICTE), Govt. of Punjab and affiliated to IKGPTU Jalandhar.

# Satyam Institute of Engineering & Technology

#### **About the Institution**

SIET is one of our premier Institutions that offers a variety of courses with world class infrastructure. Herein, the education matrix is supported by large sized, highly equipped well stocked computerized library, supported by smart classrooms, state of the art laboratories & workshops. Computer centre is designed to provide a free mind processing environment with advance infrastructure. It is also supported by range of experts to provide students, both technical expertise and environment in which they can develop their individual projects. We have devised a system to honour via special incentives to those who have proven their excellence. We also support students by our dedicated counselling & placement cell that works in the Institute to develop core competencies and enhancing communication skills of each & every student. This cell also provides an industrial interface encompassing regular industrial visits, talks by technical experts, industry specific workshops and seminars. SIET works on the single motive i.e. to transform youth to global citizens of tomorrow. If you are looking for an educational platform which is technically equipped yet able to harness your inherent ability, come and join Satyam Institute of Engineering & Technology.

#### **What we offer?**

We offer 60 seats in each of the five domains of engineering i.e. CSE, ME, CE, ECE and EEE respectively.

#### **Eligibility**

- For getting admission in First Year, you should have cleared 10+2
- examination with Physics and Mathematics as compulsory subjects along
- with one of the following subjects: Chemistry / Biotechnology / Computer
- Science / Biology.
- For getting admission in 2nd year (LEET), you should have minimum
- 03-year diploma in any Branch of Engineering or Two year Diploma from
- SLIET securing minimum 50% Marks.

The future belong to those who **believe** in the **beauty** of the **dream**

- Bachelor in Computer Application (BCA)
- Bachelor in Business Administration (BBA)
- B.Sc. – Information Technology
- B.Com (Hons.)
- M.Sc. (Computer Science)
- BA (Journalism & Mass Communication)
- B.Sc (Operation Theater Technology)
- B.Sc (Medical Lab Science)
- B.Sc (Radiology & Imaging Technology)\*

# Satyam Polytechnic & Pharmacy College

#### About the Institution

Satyam Polytechnic and Pharmacy College is designed to provide job-oriented, market driven courses in addition to certified education curricula. We groom professionals that can cater pressure of dynamically progressive market forces and extremely fast moving technological needs. The biggest challenge we comprehend is transformation of students to visualize practical problems and simplified solutions. The decades of experience as SBS Group makes us proud to evolve as leaders in the northern hub, but also makes us wiser that there are always room for evolution. The interlinking between various institution is key driving force to run such parallel specializations. The polytechnic college is skill processing medium supported by management structure. We offer these professional courses that can evolve the students to become entrepreneurs as well as can be placed in wide variety of industries. If you are interested in hone your skills, this is the right place where you should be.

#### What we offer?

We offer 120 seats in Civil & Mechanical & 60 Seats in CSE, EE, ECE & D. Pharmacy

#### Eligibility

- For getting admitted to First Year of Diploma Course, you should have cleared Matric (10th standard)
- For getting admitted to IInd Year : 10+2 (Vocational), 10+2 (Science), ITI in any trade
- For getting admitted to D. Pharmacy : 10+2 Medical or Non-Medical
